IN THE HOUSE.

The Raffroad Pooling Bill Passes After

Some Wrangling. WASHINGTON, Dec. 11.-In the house today Breckinridge, of Kentuckey, from the committee on appropriations reported the deficiency bill. Dingley of Memphis asked unanimous consent for consideration of a resolution calling on the secre-tary of the treasury for information, first, whether the articles of the Bering sea tribunal resulted last season in saving the fur seal herds from that destruction they were intended to prevent. Second, information as to the number and sex of the seals killed by the pelagic scalers. Third, as to the protection of the fur seal hords on the Pribyloff islands, and, fourth, the evenue derived by the government from of the government for their protection during the same period.

Bingham of Pennsylvania moved the passage of a resolution giving the Altamont Water company authority to build dams across the St. Louis and Clicquot rivers in Missouri.

Mallory again called up the bill to promote the efficiency of the revenue cutter and the state of the revenue cutter of the revenue of the revenue of the revenue of the revenue of the state of the revenue of the re

ervice, which provoked Champion Clark's remarks Saturday and to-day the Mis-sourian again took the floor in pursuance of his avowed intention of taiking the bill to death. Clark took off his cuffs and for 45 minutes kept the house in a roar with

umorous and stirring anecdotes.

Mallory, democrat, of Florida and Mr. Dunn, democrat, of New Jersey occupied the remainder of the time until the expiration of the morning hour. On motion of Cooper, democrat, of Indiana 10,000 copies of Secretary Carlisle's report were ordered printed. Then, under a special order, the consideration of the railroad pooling bill was resumed. It was debated until 3 o'clock by Cannon of Illinois in opposition and Springer of Illinois, Harter of Ohio, Sibley of Pennsylvania and Black of Illinois in support of the measure, when Patterson moved the previous question on the bill, and pending amendments Dingley, republican, of Maine and Hopkins, republican, of Illinois protested that the previous question would cut off all the

The provious question was ordered by a vote of 174 to 100. The committee amendments were of a verbal character and were agreed to without division. The vote recurred on the bill and amendment to the substitute which gave the interstate commerce commission absolute authority and control over the conditions of the pooling and full power to revoke the pecling orders. The Blair amendment reserved the power to congress of changing, rescinding or dissolving the pooling orders at any time. The Blair amendment was agreed to without division, and the vote was then taken by ayes and nave on the Cooper substitute. Defeated, 109 to 175.

Filibustering tactics were then com-menced by several opponents of the measure. Motions to adjourn were made and voted down, and other motions to re commit. Finally a vote on the final passage of the bill resulted: Ayes, 166; nays, 110. The house then adjourned.

OLD SENATOR MORRILL.

He Has Life Enough Left to Jump of

WASHINGTON, Dec. 11.-In the senate WASHINGTON, Dec. 11.—In the senate to-day Dolph reported a memorial from the citizens of Phoenix, Aris., in the matter of Indian depredation claims. Berry of Arkansas presented a few remarks urging the passing of the bill introduced by him last week to establish the territory of Indianola out of Indian territory.

Senator Morriil, republican of Vermont then addressed the senate on "Some marvelous senatorial bills and quael panaceas for real and imaginary gr ances." The bills concerning which the senator spoke were those introduced by Peffer, providing for the issue of great sums of greenbacks for various purposes. There were nine of them which the com-

mittee on finance had reported adversely, recommending indefinite postponement.

The hour of 2 o'clock having arrived, the senate proceeded to the consideration of the Nicaraguan bill, and Dolph addressed the senate in favor of the bill. Dolph said the people of the Pacific coast were a unit in favor of the bill and discussed the advantage which the causi would bring to the whole country. The causi, if owned and controlled by the United States, would be of great service in time of war. He devoted some time to the considera-tion of the Clayton-Bulwer treaty and de-

tion of the Clayton-Bulwer treaty and de-clared that that instrument presented no obstacle to the construction of the canal by the United States or to the control of it. Dolph said the United States had adopted a policy, had declared a principle which is approved by her people and well understood by the world, which is just right and in the interest of the people of this hemisphere and will be maintained at all hazards.

all hazards.

In a brief speech Sherman pointed out that the only provision of the Nicaraguan bill that he was not entirely satisfied with was the amount to be paid to the maritime company, which he thought was entitled to only the amount of money expended in the enterprise thus far. The presiding officer laid before the cenate a letter from the president, transmitting the correspondence relative to the Armenian massacre; also some correspondence regarding the Mora claim. The senate then went into executive session and at then went into executive se 4:15 adjourned.

A VERDICT FOR MR. CLARK. Peter Studeber Cumpiales of His Law-

yers and Is Lectured by the Court. BUTTE, Dec. 11 .- As stated in the STAN-DARD this morning, the verdict in the min-ing case of Joseph Remadell against W. A. Clark when opened was found to be for the defendant. The verdict was something of a surprise, though not unexpected, and the jury was not polled. It stood, however, 10 to 2. After the verdict was read Judge McHatton ordered the costs to be entered against the plaintiffs. No notice of intention to move for a new rial was given but, it is understood, it

Judge Speer this morning sentenced
Peter Studahar to one year in the penitentiary for mayhem. Chancellor O'Donneil asked for a stay of 30 days to give
him time to look into the case with the intention of moving for a new trial. The
judge said be would do nothing of the
kind, and ordered Studahar to stand up

lish against the jury, the witnesses and his lawyers.

"My lawyers worked against me," he said; "they did not say a word."

"I think your lawyers did very well," said the court. "They did a great deal more than the case deserved, and if the jury had not fixed your sentence at one year, I should have given you five years."

Studahar then claimed that one of the jurors was prejudiced against him, but the court told him that the man he indicated did not serve on the jury at all.

Studahar then said that the prosecuting witness sailed under two names and he used one swearing to the complaint and gave another when he testified at the trial.

trial.
"I want a fair trial," he said.
"You have had it, sir," and then the court sentenced him and ordered the sheriff to remove the prisoner.
